Springsted  
Squire Patton Boggs  
U.S. Bank  
Wells Fargo

The tax-exempt health care and educational community is close knit, which brings us to one of the first benefits of sponsorship; the association of your firm via marketing materials and verbal recognition at conference events with an industry recognized organization.

NAHEFFA members participate directly in the functions of the association. In fact, a NAHEFFA member will be conducting sponsorship follow-ups and your company will have direct contact with their executive staff.

### THE DETAILS

Each year NAHEFFA invites conference sponsorship support from associates in the municipal finance industry. NAHEFFA conferences are attended widely by NAHEFFA Members including authority board members and staff and provide opportunities to build relationships and increase your awareness of issues and concerns in the industry.

### CONFERENCE SPONSORSHIP

Included with the \$1,750 Spring and Fall conference sponsorship, sponsors receive the following benefits:

- Conference registrations at the reduced sponsor fee
- Individual attendee recognition throughout the conference
- Company informational paragraph in sponsor directory
- Logo on presentation screen during conference breaks
- Company identified on select conference signage
- Company identified in conference marketing materials
- Individual attendee identification as a conference sponsor
- Exhibit tables for company marketing materials
- Opportunity to meet with high level personnel from health care and higher education conduits
- Logo and link to your company website from [naheffa.com](http://naheffa.com)
- Receive copy of NAHEFFA Membership Directory

*The Sponsorship Program is voluntary and separate from registration for and participation in the NAHEFFA Conferences.*

Don't miss this opportunity to expand  
your connections!

For sponsorship questions, please contact:
